INTO BOER AMBUSH

London, Oct. 11.—The following dispatch has been received from Lord Roberts:

"Pretoria, Oct. 11.—An engine with a truck conveying a party of engineers belonging to Paget's rifle brigade, while proceeding yesterday to Kaapmuiden was ambushed by Boers. Captain Stewart, with forty men of the rifle brigade, went to their support. The casualties, unfortunately, were heavy. Stewart and one private were killed. Captain Paget, Lieut. Stubbs and five engineers were wounded, and Lieut. Sewell and ten of the rifle brigade were made prisoners. De Lisle's mounted men and Colonials after three days' fighting, have driven De Wet north of the Vaal, near Venterskroon. De Wet has been assuring the burghers that Europe would stop the war October 10. The Boers were thus buoyed with the hope that something would intervene to end the war in their favor. I trust they now realize how futile are their expectations."

U. S. A. T. LEELANAW.

The U. S. A. T. Leelanaw, Storrs commander, arrived in port and hauled alongside the old fishmarket wharf at an early hour Sunday morning. She is from San Francisco and is bound for Manila with 265 mules and 15 horses. She sailed for this port on the 19th inst. Her slow trip was caused by bad weather. Major Thomas Cruse is the quartermaster in charge of the transport while Dr. Williamson, well known here, is in charge of the live stock. There are sixty-four teamsters who have the care of the mules and horses in their hands. The crew of the Leelanaw numbers forty men. John L. Burkart is the physician aboard. Included in the cargo of the transport are several hundred escort wagons, harness and a complete pack train outfit for one hundred mules.

Major Thomas Cruse who was for eighteen years a member of the Sixth Cavalry, is the possessor of the United States Medal of Honor the inscription on which reads as follows: "The Congress to First Lieutenant Thomas Cruse, 6th Cavalry. For distinguished conduct in action with hostile Indians at Big Dry Forks, Arizona, July 17, 1882."

The mules aboard the transport are a bad lot. They are from the San Joaquin valley and have never been broken. Three men had their legs broken in San Francisco while they were being put aboard and it is a wonder that more bones were not broken yesterday when the mules were being put ashore for a brief rest. Dr. Williamson and one of the teamsters were kicked but, fortunately, neither one of the men was hurt.

The transport will remain here until the end of the week.

Bones Found

The bones of a Hawaiian were found Saturday by the laborers excavating for the new Young block. With him was a Kamehameha III belt buckle. The indications are that the body was buried rather hurriedly for the bones were only about three feet under ground. A little maul was found an inch and near by were a couple of boar's teeth, near this were the bones of a horse.

Fresno Broke Record.

The Fresno has broken the record of coal ships discharging at this port. She arrived here on the 6th inst and is now ready to put to sea. She will probably sail for the Sound tomorrow.
